4th-5th Grade GATE Testing: Parent Notification & Permission to Test Form

Dear Parent or Guardian:

One of the goals of the TUSD GATE program is to identify students with exceptional abilities, well beyond grade or age expectations. TUSD GATE testing for identification purposes occurs only in grades 3-5.

How do students qualify for TUSD GATE?

There are two qualifiers for placement in the 2016-2017 TUSD GATE Program for 4-5th grade students:

<p>A) Intellectual Category Students scoring at or above the 95th percentile on the TUSD administrated GATE assessment (NNAT3 or OLSAT8) are identified.</p>	<p>B) High-Achievement Category Identification under this category is based on a combination of the scores achieved on both the most recent administrated TUSD GATE assessment (NNAT3 or OLSAT8) and the results from the 2016 Smarter Balanced Assessment (SBAC).</p>
---	---

Who is eligible for TUSD GATE testing?

4-5 th Grade Student Taking TUSD GATE Test for the <u>First Time</u>	4-5 th Grade Student Taking TUSD GATE Test for the <u>Second Time</u>	Student Participated in TUSD GATE Test <u>Twice OR Already Identified TUSD GATE</u>
NNAT3 only	Choice between NNAT3 (or) OLSAT8	Not eligible for further testing.
<p><u>If your student qualifies for 4-5th grade GATE testing and you would like your student to participate, please complete and sign the permission form on the reverse side of this letter. Submit forms to your student's teacher by December 2, 2016.</u> Unlike the process for universal 3rd grade testing, 4-5th grade GATE testing requires parents to submit a signed permission form.</p>		

What are the differences between the NNAT3 and OLSAT8?

<p>NNAT3 (Naglieri Nonverbal Ability Test) The NNAT3 is used for initial testing in TUSD and assesses cognitive abilities, but strictly through nonverbal means. No vocabulary of any kind is used in the test. Instead, students are given visual images, designs and models which need to be organized and sequenced. Before beginning the test, our proctors tell students to look at the NNAT3 test like a game - a puzzle. The NNAT3 is administered through an online platform.</p>	<p>OLSAT8 (Otis Lennon School Ability Test) If your student has previously tested for GATE in TUSD, you now have a choice between the NNAT3 or the OLSAT8. The OLSAT8 measures verbal comprehension and reasoning, pictorial reasoning, figural reasoning, and quantitative reasoning through such tasks as detecting likenesses and differences, recalling words and numbers, defining words, following directions, classifying, establishing sequence, solving arithmetic problems, and completing analogies. The OLSAT8 is a paper and pencil assessment (scantron and test booklet).</p>
--	---

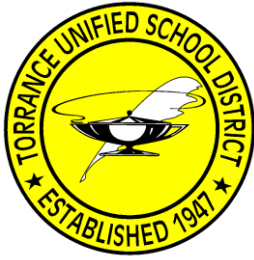

Students who participate in GATE testing will receive a score explanation generated by the test developer, Pearson Education. Along with the score report, you will receive a letter from the district indicating eligibility status for GATE placement. This information will be mailed home approximately 12 weeks after all testing is completed

Please refer to the GATE link on the district website (under the Departments and Educational Services tabs) for more information regarding GATE identification and services in TUSD. For further questions, please contact Heather Nakasuji, GATE Resource Teacher at nakasuji.heather@tusd.org.

Sincerely,

Ramona M. Chang
